Christian Surfers Service Team Application Form

1. The Vision

One of Christian Surfers strategies in achieving our vision to give every surfer in every surfing community the opportunity to know and follow Jesus, is by offering our assistance to the surf industry by serving at various events along our coast such as, but not limited, to surf contests. It gives us as Christian Surfers South Africa the opportunity to build a positive reputation as an organisation that supports and sacrificially gives our time and effort to help grow surfing in our country. By working alongside, and building friendships with industry leaders, event organisers and staff, local board riders, coaches, athletes, their families and friends, we get to display the servant character of Jesus and being able to share his love effectively in the surfing community.

Serving and working at these contests involve variable hours of selfless committed work. We as Christian Surfers South Africa believe in giving the best of our services and nothing less. At the same time hard work is not going to change lives, therefore we really treat these contests as with any mission. We are on an outreach, an outreach to reach surfers and trust God to meet them where they are at. Therefore throughout the duration of the contest we focus on Unity in our group and unity in Christ and so we consider prayer and communal living a very important part of the outreach. It often requires waking up ridiculously early in the morning, praying together at the contest site, meeting up for devo's in the evenings and having communal dinners together.

We keep to a non- alcoholic beverage policy for our team members for the duration of each contest. Early nights is advised since each day consists of working long hours on the beach and we need to give our best. No dating or physical contact between girls and guys may take place during the service event.

A breakdown will always be given of what is expected from each individual before any contest starts. If the team leader or contest organizers feel that you aren't pulling your weight in these contests or if you don't abide by these guiding principles, you may be asked to leave the team.

If you're amped about the vision and want to serve at an event with these principles in mind please fill out the application form below.

Full NAME:

Date:
